The Point System Explained Every book in the Safari collection carries a point value-from one-half to three. Subscribers purchase points, which they use to acquire titles for their collection. Annually, Bookshelf selections can be "swapped" for replacements of equivalent point value. (For example, one 3-point book or three 1-point books.)

## Total Annual Subscription

|  | Simultaneous Users |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
